BECOME A BOARD MEMBER IN 2009

What's in it for me? The answer is HEAPS...As a Board Member you will;

Meet friends & new networks

... meet new and interesting people—students, staff, teachers and senior TAFE managers, or students and staff from other TAFE NSW campuses...

Do something

... get involved in new issues, opportunities and policies relating to many different aspects of education and student services...

Learn something

... being a Board Member is about directing a business, marketing services, understanding budgets, running meetings and developing interpersonal skills to work with a small group of different people...

Receive training & recognition

...your Association will provide training, support and recognition for the skills developed and experience gained...

Make a difference

... your actions on the Board may help one individual (e.g. approving a sponsorship) or a group (e.g. arranging a sports event) or everyone in general (e.g. improve on campus facilities), you will feel satisfied that you were able to contribute...

Contribute

... without taking up heaps of your time. Board meetings happen monthly, and it's up to you how much more you can commit to getting involved.

Remember this is a real opportunity to do something for yourself as well as help others!
